AUTOMATION, INC.

Custom Material Handling Solutions

SPECIALTY CONVEYORS

In addition to providing customized standard conveyors, we also have the capability to design, build, and integrate more unique varieties. Some of the specialty conveyors we have provided are:

- Spiral gravity roller conveyors
- Timing belt conveyors
- Skate wheel conveyors
- Slat conveyors
- Extendable conveyors
- Adjustable incline conveyors

If you have applications for unique material handling requirements, we look forward to the the opportunity to develop and quote a concept that will meet your specifications.
